Re: JC's Carpet Cleaning - megayachtinteriors.com

JC's Carpet Cleaning provides an exceptional level of quality. He maintains the interior carpets and furniture as well as the outdoor cushions. Over the last eight years, I've utilized Mr. Curte's company twice a year to maintain the vessel's interior to the highest standards.

Mr. Curte is flexible with scheduling, accustomed to the high standards of the yachting industry & exceeds expectations every time.

I can recommend JC's Carpet Cleaning without reservation.

Please contact this writer with if any further info is required.
